Ajay Govind

UX Unicorn

Hi, I'm a UX Generalist and I love aesthetics. Currently I help the UAT Team at Etisalat, Dubai. I'm having a total of 3+ years of blended hands-on experience in Graphic Designing, Ux/Ui Designing, Media Printing, Web Development, Android App Development, 2D & 3D Animation, OOPS and SDLC concepts, and Selenium Automation Testing using Java.

WORK EXPERIENCE

Senior Tester UX UI
Etisalat Telecommunications

09/2019 - Present   *Dubai, UAE*

Achievements/Tasks

- My role includes verifying and validating the User Interface (UI) the User Experience (UX) for every in-house B2C digital application.
- I work in a UAT team to suggest enhancements to almost every digital product that lack the basic usability requirements.
- Hands-on experience in verifying and validating the designs of a SAS (Self Assisted Service) machine; it's a kiosk device.

Graphic UX UI Designer
Knowledge Lens

08/2018 - 07/2019   *Bangalore, India*

Achievements/Tasks

- I worked by bringing the User Experience (UX) into the product by following the Design Thinking approach.
- I played roles by working along with the developers, product owners, and solution architects by designing Wireframes and Prototypes.
- I had already created UI components, icons, high-fidelity mockups, posters and infographics.

Programmer Analyst Trainee
Cognizant Technology Solutions

12/2017 - 09/2018   *Coimbatore, India*

Achievements/Tasks

- I was trained as an Automation Tester using Selenium and Core Java along with MySQL.
- I had explored CITS (Cognizant Intelligent Test Scripter) and TestNG to incorporate them in the SDLC process to expedite the deliverables at the proper timeline.
- My crucial responsibility included creating End-to-End test scripts, Regression suits, and scripts for Unit Testing.
